These memories that I pushed out  
Have suddenly come back around  
Thought I could change mistakes you made  
I'm falling further from myself  
I can't believe I'm becoming everything I said I'd never  
be

I can't believe that I'm becoming you  
We're leaving everything now I can barely move  
It's not like me I'm losing all the things I love because  
of you

I see your face inside my mind  
Slowly turning into mine  
I'm so ashamed but whose to blame  
For letting you back into my life  
I can't believe I'm becoming everything I said I'd never  
be

I can't believe that I'm becoming you  
We're leaving everything now I can barely move  
It's not like me I'm losing all the things I love because  
of you

(You, you, you, you)

Never again will I be the same  
Never again will I speak your name  
I'm becoming you  
I'm losing everything

I'm becoming you  
We're leaving everything now I can barely move  
It's not like me I'm losing all the things I love because  
of you

I'm losing everything all because of you  
I'm losing everything all because of you
