Making your way through empty places  
Struck down inside again  
Promise you'll never fall for something  
Something that's so pretend  
Now your standing on the edge  
The fire is in your hands

I'll draw the line and break away  
I'll draw the line and break, break away  
Break away

Waiting on them to stop your bleeding  
Screaming inside your head  
Trusting the ones that gave you nothing  
Look to the ones who bled  
Now your standing on the edge  
The fire is in your hands  
Chose to have the voice and music  
Giving you your hands and break away

I'll draw the line and break away  
I'll draw the line and break, break away  
Break away  
Break away  
Break away

Can I be this life laid for me  
Am I so shut out I can't see  
Can I be this life laid for me

(Here it comes Break! )

I'll draw the line and break away  
I'll draw the line and break, break away  
Break away  
Break away  
Break away  
Break away

Break away
