(Verse 1:)

I've been waiting for someone who I
Could give my heart to
And everytime before I tried and failed
I did not want to lose

(Chorus:)

The end's in sight
We'll make this right
I need this life
To keep me from feeling so dead inside.
I am here to stay.

(Verse 2:)

Sent from above you are
The perfect one for me
You're always there... (*Can't understand it*)
Have my heart
An angel you must be

Now I found you and I did not want
To turn you away
So take this song as proof I want you here
Need you here to stay

(Chorus:)

The end's in sight
We'll make this right
I need this life
To keep me from feeling so dead inside
I am here to stay

I'll keep you warm when it's cold outside
You can see your breath and I see mine
And I just might need you here to stay

(Verse 3:)

I can't believe it
No, I can't believe it
You're mine
But I know I need this
Need this so that I feel alive

Here to stay always by your side

(Chorus:)

The end's in sight

We'll make this right

I need this life

To keep me from feeling so dead inside

I am here to stay

Yea-ah

I'll keep you warm when it's cold outside

You can see your breath and I see mine

And I just might need you here to stay
