There must be something more to you I can't explain.
Your my angel my future but you don't want me
anymore.

A scent of you so strong the essence of your skin.
Your my anchor my stone but you don't want me any...

This is all my fault I'll be on my way.
Fallen one more time it's the end of me!

Your down on your. your luck again!
This is your story you don't want me anymore.
I'm down on my, my face again!
I'm sorry about the things that I did I never meant to
hurt you.

There's something more that I can't seem to figure out.
If you love me you need me then you should be with
me.

I need to see your face maybe once last time.
Don't be scared just be honest let your heart decide.

This is all my fault I'll be on my way.
Fallen one more time it's the end of me!

Your down on your. your luck again!
This is your story you don't want me anymore.
I'm down on my, my face again!
I'm sorry about the things that I did I never meant to
hurt you.

Your down on your. your luck again!
I'm sorry about the things that I did I never meant to
hurt you.
You don't want me anymore, you don't want me
anymore!

This is all my fault I'll be on my way.
