### **"Evolution Beyond The Species"**

Visit "[Evolution Beyond The Species](#)" on [MotoLyrics.com](http://MotoLyrics.com)

There will come a time when all shall be called upon to  
prove their relevance  
Are you worthy of life or deserving of death?  
No longer shall the weak and scared control the  
destinies of the strong and willful  
No longer will the lion be stalked by the lamb  
The time has come for an evolution beyond the species  
It is time to raise the flag of superiority  
To tear down the boundaries of morality  
In the name of the Ubermensch march!  
What you call arrogance we know as relevance  
We shall reshape this world in our image  
Create a new species with unbridled ambition  
Using Eugenics to breed perfection  
Create a new race beyond color or nationality destroy  
this illusion makes our ideals a reality  
Will to power through strength arise  
Birth of the Ubermensch through mankind's demise  
Stand in the way of the future and the future will  
crush you in its wake  
Restore our honor and pride  
To rage on the outside yet be calm inside  
Strengthen our resolve with justified disgust  
Listen to our instincts and in ourselves trust  
Let no truth go unquestioned  
Let no question go unanswered  
To seek clarity in this world's insanity  
To find perfection of mind and body  
Will to power in this new age of reason  
Cowards and peacemongers will hang you for treason  
Stand in the way of the future and the future will  
crush you in its wake!  
Hail Ubermensch! Hail Ubermensch!  
Resequence the genome to create superiority  
Recreate reason make our ideals a reality  
The future is what we make it to be  
Darwin's theories prey returned to inferiority  
Creation of Nietzsche's ideals through science now  
reality  
Hail Ubermensch hail Ubermensch  
What makes us superior?

Strength of mind strength of will  
What makes us superior?  
Strength of our bodies and ambition to fulfill  
What makes us superior?  
Pride that cannot be broken  
What makes us superior?  
An honor that need not be spoken  
What makes us superior?  
We have the ambition to achieve perfection  
What makes us superior?  
We have the will to make it so  
What makes us superior?  
We have the ambition to achieve perfection  
Hail Ubermensch! Hail Ubermensch!
