Baby it's all I can do  
To try and not cry over you  
I'm a victim, my heart broke in two-two  
for you

And I can't believe that you're not by my side  
I'm going out of my mind  
Hoping it's just not our time  
Don't say good bye

Baby you and me  
we should be together forever  
I'll be waiting patiently  
Won't you make it better  
Your my only cure yes I know for sure  
Come back whenever  
Until then you know the I'm

I-i-i-i-i-i'm love sick insi-i-i-i-i-i-ide  
Without you I'd die-ie-ie-ie-ie  
And now won't you come back and give me  
Your love

Won't you make it better, you make it better(x3)  
Without you I'm lovesick inside

Baby I'm going insane, for send I'll be selling a ring(?)  
Your shirt in my closet it's pain, pain  
How am I supposed to get over all that we've been  
through  
Knowing I'm no longer with you  
What am I supposed to do?  
You know I'll be waiting for you.

Baby you and me  
we should be together forever  
I'll be waiting patiently

Won't you make it better  
Your my only cure yes I know for sure  
Come back whenever  
Until then you know the I'm

I-i-i-i-i-i'm love sick insi-i-i-i-i-i-ide  
Without you I'd die-ie-ie-ie-ie  
And now won't you come back and give me  
Your love

Won't you make it better, you make it better(x3)  
Without you I'm lovesick inside

Everyday Imma hope you realize how stupid  
the mistake you made now you've lost your purpose  
Cause I'm the one that would walk to the ends of the  
earth for you  
I'd take a bullet in the chest for you  
Take away the pain we've been through  
Anything that you need I'll do  
I'm in love with you  
I've never felt this way  
Life's not living without you my baby

I-i-i-i-i-i'm love sick insi-i-i-i-i-i-ide  
Without you I'd die-ie-ie-ie-ie  
And now won't you come back and give me  
Your love

Won't you make it better, you make it better(You make  
it better, yeah yeah yeah)  
Won't you make it better, you make it better  
Won't you make it better, you make it better  
Without you I'm lovesick inside(x2)
