Out on the streets where the dirt smoke appears,  
where a glimmer of life is covered in mist.  
Demons of metal keep hunting themselves  
and the crowd following its self made creations.

Until the system fails... they keep on pushing and  
gather the gain!  
It was not made for me.  
Im back on the track in this cold reality

Stars guiding my way back to where I belong.  
Where the sky meets the earth and the sun sets deep  
red.  
There where all of my dreams are still alive.

The giants awake and the beautys a fake,  
behind this mask sleeps the evil in black.  
Trademarks of death being shown everyday  
like an acid fallout on steaming sidewalks.

Until the system fails... they keep on pushing and  
gather the gain!  
It was not made for me.  
Im back on the track in this cold reality

Stars guiding my way back to where I belong.  
Where the sky meets the earth and the sun sets deep  
red.  
There where all of my dreams are still alive.

[SOLO]

I am lost in the twilight with a spark of hope.

Stars guiding my way back to where I belong.  
Where the sky meets the earth and the sun sets deep  
red.  
There where all of my dreams are still alive.
