"Fire! Burn!"

The lights have faded into black. Black
What am I longing for? Is this my destiny?
Torn apart, theres no way back. Back
Ive crashed straight ahead into reality!

Endless hours mirrored in black- white.
How I wish you could be here for just one night.
Lead me out of this lonely misery.
Come on Baby, lets break away!!

Fire! Burn!
Come on enlighten me!
caus I dont wanna face this night alone!
Fire! Burn!
Come on and save me!
caus I dont wanna live my life alone!

The night is cold without your near. Near
All these memories cant hide the fact away,
that missing you is soaked with fear. Fear
Heal my wounds and make the demons disappear.

Countless seconds dressed in gloomy light.
How I wish you could be here for just one night.
Guide me out of this painful tragedy.
Come on Baby, lets break away!!

Fire! Burn!
Come on enlighten me!
caus I dont wanna face this night alone!
Fire! Burn!
Come on and save me!
caus I dont wanna live my life alone!
