(T. Hurst/R.Morfitt/D.Yaremko)

if i said it, i meant it

i'm not really demented

i'm just saying it's been said again and again

not that i'm all that grounded

i'm already dumbfounded

i'm a liar believe me, baby

well that's all that you are

you're just one shining star

maybe everything's changed

and maybe i stayed the same

what does it matter to me now, anyway

if i ever regret it

if i'm ever repentant

kharna sings and we'll dance the dance, baby
