Nothing...nothing...NOTHING!
You say you're gonna kick it today
Crawl out from all you're dirty wars
And make your escape
Today you're gonna face the rage
The cage...the prison you're in
Chorus:
Hypocrisy and lies, I am
Terrified inside, I am
Oh, I can feel nothing
Dependent of my acts of sin
Swimmin in this decadence
Oh, I can feel nothing
Oh you'll never let me escape
I am your prisoner

Something's gotta take me away
I am a prisoner
(Chorus)
Can't take it for another day
All the contradictions
The indifference in me
Today I'm gonna face the rage
The cage...the prison I'm in
(Chorus)
I can feel nothing
Nothing...nothing...NOTHING!
