DESTROY

I wanna destroy the false leaders  
Transparent, spineless and afraid  
I wanna destroy suggestive selling  
Stop shoving all that product down my throat

Now I wanna destroy multitudes of mindless lemmings  
And I wanna destroy those that profit from my pain  
Now I wanna destroy, now I wanna destroy, now I  
wanna Destroy!  
The ones who drag us down to pull themselves up

I wanna destroy indie rock snobs  
Holier than thou with no taste at all  
I wanna destroy moral purveyors  
Go adopt some kids don't preach to me

Now I wanna destroy people who always blame others  
And I wanna destroy loss of hope and faith in God

I wanna destroy the bad parents  
They license you to drive why not to have kids  
I wanna destroy abusive power  
A title or a badge don't make you God
