Get off My back Motherfucker

I'm a punk at heart and a rebel by trade, indignation is my middle name

Won't put up gotta fight when you try to hold me down

It's been 14 years and a million tears, time to take care of debt that is in arrears

I'm just too close you aren't gonna stop me now

You can suppress my heart and suppress my life the one thing you can't suppress is my mind

You try to tell me this, try to tell me that

I'm gonna hit you with a baseball bat I said

Whoa, get off my back motherfucker

whoa, get off my back motherfucker

can't you see what you're doing to me whoa

I'm okay even though I'm not like you

I'm a punk at heart and a rebel by trade indignation is my middle name

I won't put up gotta fight when you try to hold me down

Cause you pushed me here insulted me there, your uniform code festers everywhere,

square peg round hole you'll never be satisfied

You try to crush my scene, try to crush my dream

you don't even know what the hell it means

Put me in my place, I don't fit your taste,

I'm gonna shove it back in your face I said

CHORUS

Everybody's got a secret, everybody plays a game

I'm coming at you better learn my name

And everybody has a reason, for all the stupid things
they do

Next time I'll be coming back for you
