You can't alway pick the dog you find  
Maybe i wasn't what you had in mind.  
I can love you, I can love you, I can Love you a lot, Yeah  
ha..  
I can love you, I can love you, I can Love you a lot, Yeah  
ha..  
I'm here and I wonder if I'm lost  
Cuz I can't seem to understand the way I feel.  
I'm not here to be a creep.  
I'm just feeling incomplete.  
Take me home.  
If I wasn't here I wouldn't mind.  
But it's you up there and I'm so far behind.  
I can love you, I can love you, I can Love you a lot, Yeah  
ha..  
I can love you, I can love you, I can Love you a lot, Yeah  
ha..  
She says I'm the one she really wants  
But I'll never be the one unless she needs.  
I'm not here to be a creep.  
I'm just feeling incomplete.  
Take me home.  
I can love you, I can love you, I can Love you a lot, a lot,  
a lot.  
I can love you, I can love you, I can Love you a lot, a lot,  
alot.  
She says I'm the one she really wants  
But I'll never be the one unless she needs.  
I'm not here to be a creep.  
I'm just feeling incomplete.  
Take me home.  
Take me home
