Come to the light
To the love
To the reason
Everything comes from
Comes from believing
Comes from the faith that I finally found in you
Bring what you wanted
Forget that you flaunted
The psychosomatic sickness
You brought it (You brought it)
It thrives in you

Lift me up when I am down
Fill my world as I drown
My salvation?
I'll set you free (2x)

Come to the fight, to the hope, to the freedom
Everything starts with someone believing
Someone with faith and heart
That is bound with truth
Say what you wanted, forget that you fought it
The "hype so dramatic" sickness, you got it
It thrives in you

Lift me up when I am down
Fill my world as I drown
My salvation?
I'll set you free (2x)

I'll set you free

Come to the light
To the love
To the reason
Everything comes from
Comes from believing
Comes from the faith that I finally found in you
Bring what you wanted
Forget that you flaunted
The psychosomatic sickness
You brought it (You brought it)

It thrives in you

Lift me up when I am down

Fill my world as I drown

My salvation?

I'll set you free (2x)

I'll set you free

I'll set you free

I'll set you free
