It wasn't me, and I know it wasn't her
We just ran out the ways, to make it work
If I could hate her like I love her
God you know, that's what I do
But the last thing she said, was I love you

And just like that
She left her memory behind
to slowly learn its way around my mind

And if she didn't want to hurt me
She did the worst thing she could do
Cause the last thing she said, was I love you

If I'm lucky, I'll go crazy

And I'll stay there till I die
And I won't have to give a damn for who I am
Or ever wonder why

If I could hate her like I love her
God you know, that's what I do
But the last thing she said, was I love you

If I'm lucky, I'll go crazy
And I'll stay there till I die
And I won't have to give a damn for who I am
Or however wonder why

If I could hate her like I love her
God you know, that's what I do
But the last thing she said, was I love you
