Uuuooooohhhh...

Hey girl, hey where you goin'  
Come back and sit back down  
You look to good to be headin' home so early now

You say you gotta work tomorrow  
Got a lot on your mind  
Let me buy another round girl  
I think you and I should just

CHORUS:

Drink on it  
Put our heads together and think on it  
Maybe later on we can sleep on it  
But for right now girl, we just need to drink on it

We can talk rocket science, Jesus or politics  
How your boyfriend cheated on you  
Man he sounds like such a prick

I could use another whiskey  
And your cosmo's gettin' low  
While we tryin'to figure out the next place we should go  
we can

CHORUS:

Drink on it  
Put our heads together and think on it  
Maybe later on we can sleep on it  
But for right now girl, we just need to drink on it

This place is closin' down  
But I don't wanna quite  
Got a good thing goin' girl  
Let's find out what it is and

Drink on it  
Your place or mine girl, we can drink on it  
Dust off a bottle and drink on it  
Feels like we're doin' something right  
Let's find a corner of the night

Where you and I can just

CHORUS:

Drink on it

Put our heads together and think on it

Maybe later on we can sleep on it

But for right now girl, we just need to drink on it

Might make a memory that we won't forget

Mmmm so let's just drink on it

Mmmm drink on it
