*[Verse:]*

There she was;  
Laughin', talkin', window shoppin' with a new guy.  
And I'd heard about him.  
I heard she found him right around when we said  
good-bye.

And I came real close and almost lost my temper.  
But I bit my tongue, kept my cool, 'cause I  
remembered...

*[Chorus:]*

I don't care.  
She don't matter.  
I don't love her anymore, he can have her!  
I don't know why it slips my mind,  
I tell myself all the time;  
Guess I forgot again for a second there;  
That I don't care.

*[Verse:]*

Almost 10:00.  
I should've known his car would still be parked in her  
drive.  
Almost pulled in;  
Knocked on her door and gave her a piece of my mind.

Oh, but I just kept on driving back to my place;

Wonderin' why I went so far out of my way when...

*[Chorus:]*

I don't care.  
She don't matter.  
I don't love her anymore, he can have her!  
I don't know why it slips my mind,  
I tell myself all the time;  
Guess I forgot again for a second there;  
That I don't care.

*[Bridge:]*

When I got home, the light was blinkin' on that old

machine.

She said, "My brother's been in town, but he just left.  
And, I miss you! Give me a ring."

*[Chorus:]*

I still care!

She's all that matters!

I still love her just like always, gotta have her.

I never got her off my mind, been hopin' she would call  
sometime.

I know it's late, to be drivin' over there, but I don't care!

I don't care.
