Now listen to me, this here is how it used to be

I can see the day  
That I won't wanna hang out with the boys all night  
Yeah, and I can see a day  
When I'll walk off this dead end job for good

And I can see a day  
When I won't be afraid of gettin' older  
But no matter what I do  
Honey, I can't see me never lovin' you

Some things are bound to change  
But some things stay the same like they ought to  
Some things are meant to be  
Just like you and me together

If I die today or if I found a way to live forever  
No matter what I do  
Darlin', I can't see me never lovin' you

Yeah, and I can see a time  
When you won't think you look as good as you used to  
Oh, and I can see a time  
Your auburn hair will turn to gray

And I can see a time  
You think you won't blow my mind, but I can tell you  
No matter what I do  
Darlin', I can't see me never lovin' you

Yeah, some things are bound to change  
But some things stay the same like they ought to  
Some things are meant to be  
Just like you and me together

But if I die today or if I found a way to live forever  
No matter what I do  
I can't see me never lovin' you  
No matter what I do  
Honey, I can't see me never lovin' you

Oh, I've seen a lot of things but I can't see that  
I just can't see it happenin'
