Fires are burning up the forests  
Down along the Amazon  
There's children starving in Guatemala  
They're just barely hanging on

And I pray they'll find the answer  
That there's a way to right the wrong  
And Lord, while you're listening  
Could I mention some troubles of my own  
I got problems right here at home

A teenage boy in Mississippi  
Brings his daddy's gun to school  
A little girl in New York City  
Buys cocaine for mama to use

And I pray they'll find the answer  
That there's a way to right the wrong  
And Lord, while you're listening  
Could I mention some troubles of my own  
I got problems right here at home

My wife is crying, our baby's fighting  
A battle that she may not win  
The doctor's doing all that he can  
God now it's all in your hands

And I pray they'll find the answer  
That there's a way to right the wrong  
Now I'm just one man, a grain of sand  
In a troubled world I know  
But I've got a problem right here at home  
I've got a problem right here at home
