You know if I'd seen her comin'  
I'd probably tried to hide  
But I came around the corner  
And she caught me by surprise  
There was no ice cold shoulder  
There was no ugly scene  
She just smiled and didn't say  
The things I thought she'd say to me

Well it was nothin' like that rainy night  
She left and slammed the door  
Not only she don't love me  
She don't hate me anymore

I felt like some neighbor  
Just some guy she once knew  
You'd never know she loved me  
And I broke her heart in two  
Was she hidin' her emotions  
Or did she really get that strong  
Right then she turned and  
Introduced me to her new friend John

I could tell the way he shook my hand  
He'd never heard of me before  
Not only she don't love me  
She don't hate me anymore

There was no ice cold shoulder  
There was no ugly scene  
She just smiled and didn't say  
The things I knew she'd say to me

I guess she got so caught up in him  
My memory's gone ignored  
Not only she don't love me  
She don't hate me anymore

I know it might sound crazy  
But I don't know what hurts me more  
Is it the fact that she don't love me
