This Is Gonna Take All Night By Blake Shelton

Well I've been thinking 'bout it an' its been too long
So put them dirty dishes down and leave that laundry
alone

Come on

Take me by the hand and follow me to our room

You dont have to tell me this is way over due

I know, so lets go

I wanna be with you

Come let me kiss you

An' I dont mean a peck on the cheek

Girl tonight Im making up for lost time

I hope you gotta good night sleep

I aint gonna rush it

Girl youre gonna love it

Cause I intend to do it right

But I'll go ahead and warn ya

This is gonna take all night

Now I dont understand how life can get in the way

Of me and the prettiest girl in the world making love

But it does

I wanna be with you

Come let me kiss you

An' I dont mean a peck on the cheek

Girl tonight Im making up for lost time

I hope you gotta good night sleep

I aint gonna rush it

Girl youre gonna love it

Cause I intend to do it right

But I'll go ahead and warn ya

This is gonna take all night

I wanna be with you

Come let me kiss you

An' I dont mean a peck on the cheek

Girl tonight Im making up for lost time

I hope you gotta good night sleep

Im gonna pay attention to every square inch of you

I intend to do this right

But I'll go ahead and warn ya
This is gonna take all night

Yeah I'll show ya how I love ya
But girl its gonna take all night
