Help me build moon  
This evening  
Night will be here  
Too soon  
If there's no moon  
In the sky well  
Angels won't see  
No light  
Hit the ground

And soon  
There's angels  
Crashing down  
Around the town  
My job  
Is to make sure  
They don't  
Heavens caretaker  
I'm sweeping up  
Another night

Don't let them  
Be complaining  
Say now  
I didn't see  
Go let'em know  
I'm starting build  
That moon  
Make that light  
Shine it out

But there's one way  
To make moon melody  
It's true  
A silver spoon  
And kiss or two  
I'll buy a kiss now  
Don't be scared  
This night  
Will chose you

Heard your voice

Knew it was  
The new you in me  
I need to know  
Steal your soul  
Don't be scared  
I'm just  
Heavens caretaker  
Sweeping up the night

Help me build moon  
This evening  
Time it won't let us be  
Don't ask  
For no understanding  
They don't know  
You won't know  
I don't know

Your you in me  
Makes the moon melody  
Come true  
If you just  
Sell your kiss  
It starts  
The caretaker  
Trying to light  
Another night
