[Verse 1]

We heard about the mess

E: We brothers on stage

I: But we have more finesse

E: So if we orchestrate well [YEEEESSSS?]

I: Then you should put us on and press charge the clientele

E: And if the live show is strong... [YEEEESSSS?]

I: Shit, we form like Voltron (E: Let's get it on)

The triathlon, telepath, math

E: When he aint speak,

I: ...He speaks on my behalf

Mentally connected

E: Throw the microphone 50 feet in the air

I: And then catch it

E: Somebody throws a baby...

I: Oh shit!

E: Do a spin move and catch it

I: ...And the crowd goes crazy

E: Call me foolish

I: 180? [YEEEESSSS?]

E: Maybe twice the sacrifice

I: My life knifed the lazies (?)

SO all ladies... [YEEEESSSS?]

E: Best move with the groove let me do it for you, tuck your titties back in

I: This aint a place of sin...

E: I think it's more like sport

I: Let the games begin!

E: We got the raw-type talk

I: Absorb it like salt

E: Four by Four

I: That's the steps on the floor

E: 'Eography' with the prefix core

I: What be the core but a solid foundation?

E: Skill

I: Preparation

These sorts of things make a fine rap and make...

I: ...Faces I bake

E: Take a look at those kicks [Are you thinkin of me?]

E: Your physique is a dream indeed

I: It's like peaches and cream
E: We more mean like needles
And see, so they bleed tryina compete with the team
We form V-O-L-T-R-O-N so [YO!] [What's your
problem?]
E: This mic will let you know [It's about time] (?)

E: What's your name good man?
I: Insight, with the plan, who are you too?
E: Edan, and together we stand
I: Cos when the beats sound iffy and the kids bark live
E: It'll be a sad day like when the Bizmark dies!
I: This sort's mine to master (?)
E: Or is it as a grand mixer?
I: Speed it up a little faster...
E: That's quicker
I: Pumpin through the transistor
E: Ghetto-blastin
I: With the master builders
E: Spinnin ass it'll (rapper's build?) is a massive thrill??
I: But actually mass'll kill
E: With daffodils
I: We smash and kill
E: Captivate!
I: Match a chill
We catchin mass-appeals!
I: So this competition lack the skill?
E: So we shouldn't feel shame when we crack they grill!
I: But is the mission fulfilled?
NO! The people await the next show!
[What's your game?] [This is my game]??
