(feat. Dagha)

[Dagha]

I be the headbanger with the double-edge razor  
The breather, dragon slayer slash savior  
Assassinator, flame thrower, fascinator  
My dagger blade cascade in Castlevania  
Captivator, spectator, activator  
Palladium's packed, they pay me a stacks of paper  
Aggravated assault, halt the batch of strangers  
The strangler, long ranger, the devil devastator  
Educated rebel with the heavy metal flavor  
Levels is elevated to decibels of danger  
Volts from that generator blow the detonator  
Decimate the place unless the radio's a crater  
I came up to the greater entertainer  
A blade thrower mangled with the energy of anger  
Celebrate the main knot, I mutilate later  
And play a naysayer like a amplified bass player

[Edan]

The virals are the scorned into The Doors open  
To bring raw dosage in the form of swarm locusts  
Beatles and Birds that seem evil and absurd  
Gather with The Eagles that swerve to form herds  
Butterflies made of Iron ride the horizon  
Giving Credence to the Revival of Poseidon  
Who feeds in the Clearwater, you feel slaughter  
But love crafts of abyss, the horror for tomorrow  
Zombies and walking dead stalk the Talking Heads  
Insects with open legs halt with awful dread  
All along the web the thread remains rare  
With bloodshed that led to where the little feet flare  
To lost places, thoughts lost for all ages  
Where slow faces sit on the wall with tall [?]  
That overlook the 13th Floor with long gazes  
Connected to the earthly core through elevators  
Check it, the Underground is made of Velvet  
Where buttersoft brothers talk tough on max but ain't  
sell shit  
Every crack of the rap ain't the Elvis

My Aqualung cultivates the blue oyster shellfish  
I design my Blurs before swine  
And form rhymes that take you to a world before time  
Where living things coexisted with crims and kings  
Who on the Moon's Dark Side painted pretty things  
That illustrated lessons conceived by the mothers of  
invention  
Who also built the Stairway To Heaven, it's a present  
Only to be stolen by a Thief, the Judas Priest  
Who unleash his devil magic  
My mental fabric too thick for Lenny Kravitz  
Who imitates Jimi Hendrix in every facette  
Semi-Automatic Rap Heavy Metal Jackets  
Kill with mathematics to build with Black Sabbath
