(Hello)

Like hello, baby  
(Jimmy?)

No, man, not Jim  
This is him  
Big D, little A  
Double D, O-O  
Big Daddy-o

(Charlie?)

Charlie, help  
This is the man  
I had to pipe in on your  
Wavelength cause I'm shook  
Like, I don't wanna swing  
Without you, baby  
Like, holy mackerel, kingfish

(Andy)

Be hip, baby, I'm jelly  
Like I've had big eyes for you  
Since we bopped at the hop  
I mean, I get sounds  
When I think of you  
Like, skyfi, oom doobie doo

(Sidney)

Like, no, baby  
This is your love burger  
From the other a.m.  
Man, it was a wig  
So far out, like  
I'm still orbiting, shazam

(Um, Irwin)

No noise like that  
Let me straighten you  
The drive-in movie  
You and me on the  
Back seat of my motorcycle  
Wow, jabeega, I mean

I thought you were driving  
Cool, cool, cool

(Tony)  
Baby, let me clue you  
Like, you're my Lita  
Let's do a double gig  
I know a crazy coffee pad  
Where we can lose the world  
This hut has a combo  
So far out, it's in

(You wanna take me to an  
Espresso place but they  
Play modern music, is that it)

You're hip  
Now put on your face  
And let's join the race  
Don't bug me, I'm nutty  
Like, I love you, dig

(I guess it's alright  
But who is this)  
Marsha, don't you know me  
I'm your groove

(Marsha, this isn't Marsha)  
Is this Sunset 7-7777 (No)  
(This is National 9-2600)

Uh, oh, well  
Don't bug me with details, baby  
It's my last dime  
Just clue me where you live  
This is me, Kookie

(Wow, crazy, pops)
