Seems like I've gone off the side of a mountain  
Couldn't be sure I was even alive  
Falling from the icy heights  
Landed with a broken cry  
In this valley of shadow and sorrow and sighs  
Can you save me baby?

Nobody lives without love  
Nobody gets to give up  
You can try to lock you heart away  
But love will come back for you someday  
Nobody lives without love

Thought I could live my life as a stranger  
Hide from all the heartbreak that love always brings  
Make it to the higher ground  
And try to turn the volume down  
Couldn't stop the sirens from singing  
Sing for me baby

Nobody lives without love  
Nobody gets to give up  
You can try to lock your heart away  
But love will come back for you someday  
Nobody lives without love

You came along like a flash of your lightning  
Crashed into my life like a runaway star  
Feels like I'm falling from gravity's reaches  
Now I'm standing here offering a stranger my heart
