Folks call me mister Cleanhead 'cause my head is bald  
on top  
Folks call me mister Cleanhead 'cause my head is bald  
on top  
And every week I save a dollar  
When I walk by that barber shop

If it wasn't for you women I'd have my curly locks today  
If it wasn't for you women I'd have my curly locks today  
But I've been hugged kissed and petted  
Till all my hair was rubbed away

When it starts to gettin' wetter  
My head gets kinda cold  
I try to grow a little hair  
When I care to save my soul  
When it comes to gettin' summer  
I get such a pretty tan  
You can hear all the women holler  
Where I can find that Cleanhead man?

Yes they call me mister Cleanhead 'cause I've been  
bald a long long time  
But I don't need to worry  
You'll get yours and brother I know I'll get mine

Now you heard my story  
And I hope you'll understand  
Why you hear all the women holler  
Where can I find that Cleanhead man?
