After hours I'll make something of myself,
You thought that I never needed any help,
Well I can't wait til I'm finally something great,
So wipe it off, cause I'm startin with a brand new slate,
But I know it's gonna be really hard to do,
I never knew you needed me like I need you,
Right now...
Don't ask me how...
Cause I thought you would do this again.

I'm not everything you wanted me to be,
I don't even think you're what I wanna see,
But there's one thing that I can guarantee,
That you're the one who made me believe.

Someday you'll say my name aloud,
But I'll still be worlds away from proud,
I wanna live my life now til the very end,
Don't care about any messages I send,
Sick and tired of livin' work everyday,
But who's gonna care once I've gone away?
Right now...
Don't ask me how...
Cause I knew you would do this again.

I'm not everything you wanted me to be,
I don't even think you're what I wanna see,
But there's one thing that I can guarantee,
That you're the one who made me believe.
