My eyes feel like they've seen too much,  
But maybe that will be enough,  
For me to think you're okay,  
But it's all the same anyway.

So will you be the one to turn the tide?  
You're tired of taking baby steps take strides,  
It's all about progress and self choice,  
Will she be the one to hear your voice?  
I read a book once but it's been a year,  
So many questions every things unclear,  
All these years but still nothin' to show,  
All these years and you still don't know...

Why you stay awake at night,  
Who's gonna end this fight,  
They say it's now or never,  
But you don't think you'll ever,  
Ever feel alive, who's gonna turn the tide.

So much to fight for everythings unclear,  
So many things for us to fear,  
I don't agree with what you say,  
But I'll fight for your rights anyway.  
I listened to you for once in my life,  
Got nothin to show but painted strife,  
All these years but still nothin' to show,  
All these years and you still don't know...

Why you stay awake at night,  
Who's gonna end this fight,  
They say it's now or never,  
But you don't think you'll ever,  
Ever feel alive, who's gonna turn the tide.
