doo doo doo doo doo doo doo doo doo (4 times)

come on, baby, to a drive-in show  
i know just the very place to go  
i'll be over, pick you up at 8  
this will be our very first date

when we're parkin' in the drive-in show  
we'll be sittin' in the moonlight row  
i'll bet my peanuts to a candy bar  
you'll be cuter than a movie star

when it's over and we're headin' back  
we'll stop in for just a little snack  
six hot dogs oughtta be just right  
after such a wonderful night
