You ask me when I knew
I was in love with you (with you, with you)
Well, when the world began
I was dreaming even then of you (of you, of you)
And then as time went on (went on)
I knew you'd come along (along, along)
For you couldn't stay away
When you knew I felt the way I do (I do, I do, I do)
For just how long has there been a moon
And the stars in the sky up above (doo-dee-yup)
So if I tell you when I knew (doo-dee-yup)
That would be how long I'd love
Oh, when the world began (began)
And everything was new (was new, was new)
Well, I was dreaming even then
And I knew I was in love with you (with you, with you)

For just how long has there been a moon
And the stars in the sky up above (doo-dee-yup)
So if I tell you when I knew (doo-dee-yup)
That would be how long I'd love
Oh, when the world began (began)
And everything was new (was new, was new)
Well, I was dreaming even then
And I knew I was in love with you (with you, with you)
