Heartbreakin' mama-mama, how does your garden
grow
Heartbreakin' mama-mama, how does your garden
grow
With all your broken hearted lovers standin' in a row
Well out stands Johnny, out stands Jim
Out stands Harry, take a look at him
Well out stands Bobby, out stands Lee
The next one baby, well there stands me
Heartbreakin' mama-mama, how does your garden
grow
With all your broken hearted lovers standin' in a row
Well out stands Larry, out stands All
Remember when you took him from your best friend
Sal
Out stands Willy, out stands Pete
You picked a garden baby-baby, can't be beat
Heartbreakin' mama-mama, how does your garden
grow
With all your broken hearted lovers standin' in a row
(Well let's rock it!)

Heartbreakin' mama-mama, you better change your
ways
Heartbreakin' mama-mama, you' re gonna cry
someday
Heartbreakin' mama-mama, you're gonna cry
Heartbreakin' mama-mama, you' re gonna cry
