It's me, it's me my darling, you know I've been away
I've been away a long-long while
Longin' to see your pretty smile
Darling yes oh darling, you're the one, the one
Oh darling, you're the one
'Cause my heart beats but there's no glow
Won't you say you love me, so I'll know, I'll know
Love me, so I'll know
It's me, it's me my darling, you know I've been away
All day I think my heart's alone
Don't you know I want you for my own, my own
Want you for my own
Well, darling yes oh darling, the time has come to part
I'll be gone a long-long while
I want to see your pretty smile
Darling yes oh darling, you're my heart, my heart
Darling you're my heart
'Cause my heart beats but there' s no glow
Won't you say you love me, so I'll know, I'll know
Love me, so I'll know
Love me, so I'll know
