You know the land-lady's ringin' my frontdoor bell
I let it ring for a long—long spell
Went to the window, peeked through the blinds, I said
Honey just exactly what you got on your mind
She said, money honey (money honey)
Money honey (money honey), money honey (yeah)
If you gonna get along with me
Well I screamed and hollered, I was so hard-pressed
I called the woman that I love best
Got my baby 'bout half past three, she says
Eddie boy, just exactly what you want with me
I said, money honey (money honey)
Money honey (money honey), money honey (yeah)
If you gonna get along with me

Well I learned my lesson and now I know
The sun may shine and a wind may blow
Women may come and women may go, but
Well I said I love you honey, I just want you to know
I want, money honey (money hone.y)
Money honey (money honey), money honey (yeah)
If you gonna get along with me
