My lovin' baby is the world to me
My lovin' baby is my destiny
My lovin' baby she's just dynamite
I love to kiss her and to squeeze her tight
She is my only one. I don't mean maybe
Ooh-wee, my lovin' baby
My lovin' baby is what I craze about
My lovin' baby she knocks me out
I've got a longing for her crazy style
My lovin' baby, ooh she drives me wild
She is the only one, I don't mean maybe
Ooh-wee, my lovin' baby

My lovin' baby told me here's the score
You don't go 'round with other gals no more
I'll be your baby if you tow the line
Just stick with me and we'll be doin' fine
She is my only one, I don't mean maybe
Ooh-wee, my lovin' baby
Each time I look into my baby's eyes
My lovin' baby makes me realise
I gotta have her for my very own
We'll settle down and raise a happy home
She is my only one, I don't mean maybe
Ooh-wee, my lovin' baby-baby
