New shoes, on my feet
New shoes, on my feet
Dancin' with you baby, made me feelin' good
But these shoes I'm wearin' don't fit me like they
should
The man who put 'em on me, said they'd fit me right
Think he done me dirty, they're feelin' kinda tight
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), they're on my feet (on my
feet)
When we're dancin' baby, I can dig the groove
I can cut it baby, till the music starts to move
My toes are gettin' stepped on, out here in the crowd
Can't you hear 'em screamin', daddy-o let us out
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), they're on my feet (on my
feet)

Hate to see our romance goin ' down the drain
I'll pull off my shoes, if you would do the same
If you really love me, like I think you do
Let your feet go crazy, I'll go crazy too
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
New shoes (new shoes), new blues (new blues)
