Oh-oh-oh, I never knew such a pretty little devil as you
And I would do just about anything that you wanted me
to

I never dreamed I'd meet a girl that's half as sweet
As you turned out to be, now you're getting a hold on
me

Oh-oh-oh, I never knew such a pretty little devil as you
And I would do just about anything that you wanted me
to

I'll have to play it cool 'cause you're nobody's fool
And hope that I'm just smart enough to win your heart
Oh-oh-oh, I never knew such a pretty little devil as you
And I would do just about anything that you wanted me
to

Oh-oh-oh, I never knew such a pretty little devil as you
And I would do just about anything that you wanted me
to

Some say you're fast and wild
But with me you're sweet and mild
But I will not complain if you promise to stay the same
Oh-oh-oh, I never knew such a pretty little devil as you
And I would do just about anything that you wanted me
to
