Well, out sits granny, old and thin  
Ain't had a kiss since I-I don't know when  
She grabbed a stranger passin' by  
Said let's go daddy before I die

You oughta see grandma rock  
You oughta see grandma rock  
She got everybody jumpin' in our block  
You oughta see grandma rock  
Well, you oughta see grandma rock  
You oughta see grandma rock  
She got everybody jumpin' in our block  
You oughta see grandma rock

Well she grabbed grandpa from his rockin' chair  
Said let's go daddy, don't be a square  
He hit the floor, let out a moan  
A-bopped three shakes, he was gone-gone

(Yeah, rock it but don't ruin it! )  
Old grandpa he was wearin' a frown  
He can't keep up and she won't slow down  
He can't find a bottle strong enough  
To satisfy her when she struts her stuff
