[CHORUS]

Oh my Maria
Wait until you meet her
Oh my Maria
No one could be sweeter

Oh my Maria
With that face of faces
Makes places
Heaven with her warm embraces

Oh my Maria
Taught me to be choosy
Goodbye to Genie
Gloria and Suzy

[REFRAIN]

Oh my Maria
That's the whole idea
And when you see her
You'll know why

[BRIDGE]

Picture a smile that twinkles
Like the stars do
That's how she smiles
Each time that I come by

Think of a voices that twinkles
Like guitars do
Then add a sigh
That makes you wanna die

[Repeat CHORUS]

[Repeat REFRAIN]

Yes, when you see her
You'll know why
