[VERSE 1]

He gave her kisses and promised the moon
But now he's singin' a different tune
He left her waitin' alone at the church
He left her waitin' alone in the lurch

[VERSE 2]

With all of her broken dreams it's no surprise
The sunshine girl has raindrops in her eyes

(Raindrops in her eyes)

You hear them fallin', the pitter and pat
She wears a raincloud instead of a hat
She still remembers the day that they met
She may forgive him but never forget
An angel's heartbeat came the devil's prize
The sunshine has raindrops in her eyes
The sunshine has raindrops in her eyes
(Raindrops in her eyes)

(The sunshine has raindrops in her eyes)

[Repeat VERSE 1]

[Repeat VERSE 2]

The sunshine has raindrops in her eyes
