Rain, rain, rain?
Rain, rain, rain?

I've got a date with the rain
Gotta go walking in the rain
The clouds that gather in the sky
Gather in my eyes every time it rains

On just such a day you let me go
And as the raindrops began to flow
I go walking in the rain
Hiding my tears in the rain
I grabbed my coat and my leather shoes
Walked out the door with a bag full of blues
No one notices it all when it rains
I take off alone
Walking in the rain

Every time it rains
That I feel the music flowing strong
I just go walking in the rain
Hiding my tears in the rain
Rain, rain, rain?
Rain, rain, rain?
Rain, rain, rain?
Rain, rain, rain?

On just such a day you let me go
And as the raindrops began to flow
I go walking in the rain
Hiding my tears in the rain.
I go walking I go walking in the rain
Rain, rain, rain?
I go walking
Rain, rain, rain?
I go walking
Rain, rain, rain?

Rain, rain, rain?
