One lump of sugar
Don't compare to the sweetness
Of my baby's lovin' care

She's candy to me
Ohh ohhh, she's candy to me
She's sugar, she's spice
Everything that's nice
Hmm hmmm, she's candy to me

She's got a lot of lovin'
Just for me
Honey-drippin' kisses
That sting like a bee

Ohhh candy to me
My baby's sweet candy to me
Sweeter than anything I know
You can believe I'll never let her go
Ohh, she's sweet candy

Sugar plum, here I come
Sugar plum, here I come
Wooo baby
You're candy to me

She's sugar, she's spice
Everything that's nice
Hmm hmmm, she's candy to me

Never use sugar in my coffee cup
One of her kisses are sweet enough
Awww candy to me, sweet sweet candy to me
Sweeter to me than sugar is
In my heart she'll always remain
Oohh hoo hoo, candy to me
Baby, sweet candy to me
Oohh ooh, candy
Baby, sugar plum
Hmmm mmmm mmm, sugar plum
