Baby I know I blew your mind but oh I just kept on
hanging around you I thought you needed me near oh
yes I did now thought someday we'd settle down aw
yeah

Tried to run my game on yah (naw baby naw, naw) just
trying to let you know if you let me I know I can (I can
sail a ship on dry land hey) if you let me I know I can

(Oooh) be a man I wanna (awww) oh yeah!

I know I told you from the start how you felt ooh my
mind was already made up yes it was now I was going
to take care of you (I would've loved you) but instead I
made things just a little rough for yah aww yeah

Tried to run my game on yah (naw baby, naw, naw,
naw, naw) just trying to let you know if you let me I
know I can (I can build a house on quick sand, quick
sand baby)if you let me I know I can

Be a man I wanna (ooooooooooh yeah, yeah, yeah yeah,
awwwww, ooooooooooh baby llllll, ooooooooooh) Tried to run
my game on yeah (naw baby, naw, naw, naw, naw) just
trying to make you see (my mind's already left me but
my heart's here with you yes baby I miss you ooooooh)
if you let me I know I can

(I can sail a ship on dry land) if you let me I know I can
