Don't bring me down... don't bring me down

I've got to stop think things over before I loose my mind
Because you are such a good friend but I want you for
mine

And if I can't have you baby I still want you as a friend
But if I told you have I feel, would you laugh at me
then?

Don't bring me down, I couldn't stand to fail again
Don't bring me down, I want you more than a friend

I really do love you woman and I can tell you it's tough
I wanna give you just everything only the best is good
enough

So if you really do want him, just take him and leave
And though I've put you to love him, I still which you
loved me

Don't bring me down, I couldn't stand to fail again
Don't bring me down, can't you see I'm just a man?

SOLO

I really do love you woman and I can tell you it's tough
I wanna give you just everything only the best is good
enough

So if you really do want him just take him and leave
And do I've put you to love him I still which you loved
me

Don't bring me down, I couldn't stand to fail again
Don't bring me down, I want you more than a friend
Don't bring me down, I couldn't stand to loose again
Don't bring me down, can't you see I'm just a man?

Don't bring me
down... Don't bring
me down
