Now once again you've left me all alone
I'm spending hours by the telephone
Hey girl, what are you trying to do?

It's been a week now since you went away
And I've been waiting for you every day
Hey girl, what is the matter with you?

Well, do you think that it's so very smart?
The way you hurt my poor aching heart
The way you treat me little baby maybe makes my
loving die some day

Hey girl, don't bring me down
I'm the saddest man in town
Hey girl, don't bring me down
You know I love you still

I always try to satisfy you dear
And then you run away and leave me here
Hey girl, you really treat me bad

And every time you leave me on the shelf
I get the thought of living by myself
Hey girl, you really make me sad

But there's no matter what you say or do
I think I'll always be in love with you
So I forgive you every time when you come back and
knocking for my door

Hey girl, don't bring me down
I'm the saddest man in town
Hey girl, don't bring me down
You know I love you still

SOLO

Hey girl, don't bring me down
I'm the saddest man in town
Hey girl, don't bring me down

You know I love you still

Hey girl, don't bring me down
I'm the saddest man in town
Hey girl, don't bring me down
You know I love you still
