All the love I gave, gave away for nothing
The love you're betraying that love was so true and
sincere
I have seen it babe, you've been up to something
And now you are saying the words that I don't wanna
hear

I don't love you anymore
I don't need you anymore
Though I understand what I've just heard
I can't understand a single word

I don't love you anymore
I don't need you, that's for sure
All the words I thought you'd never say
Have become reality today
And I'm standing trembling with my soul all thorned to
pieces

All the love we had, now it's gone forever
And the lovin' that you used to show has all faded away
And it feels so bad, never more together
And though I hear you speak I don't really believe the
words that you say

I don't love you anymore
I don't need you anymore
Though I understand what I've just heard
I can't understand a single word

I don't love you anymore
I don't need you, that's for sure
All the words I thought you'd never say
Have become reality today
And I'm standing trembling with my soul all thorned to
pieces

Whoo whoo whooo

I don't love you anymore
I don't need you anymore

Though I understand what I've just heard
I can't understand a single word

I don't love you anymore
I don't need you anymore
All the words I thought you'd never say
Have become reality today
And I'm standing trembling with my soul all thorned to
pieces
