I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me
I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me

You left me down when you walked down town with
another boy
You left me crying, what a fool was I that left, you used
me as a toy

I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me
I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me

I'm sitting at home the whole dark night, wishing you
where with me
i'm wishing that I held you so tight, wondring where you
can be

I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me
I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me

But the only thing I want to know is if you love me
anymore

I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me
I wonder why, oh, oh, I wonder why
Oh, oh, I wonder why you do so to me

You left me down when you walked down town with
another boy
You left me crying, what a fool was I that left, you used
me as a toy
