Baby I can feel that something going on
I can almost touch the feeling that your love is gone
Is it me that you should blame
Or is this something wrong with you

I can see it in your eyes that you no longer care
But I hoped for something more than just a love affair
So it tears in my eyes I just have to see you leave
I never thought I've been down on my knees
But I just couldn't make if we made a mistake so I'm
begging you please

I'm not gonna fight there is no use
End of the war your gonna win I'm gonna lose
I do just anything to feel your tender love again
You got the ball I got the feel I'm gonna play
Your gonna score and I'm gonna be

Everything that you want if only you will stay with me
Baby can't you see I'm just another man
And I'm gonna break if you don't understand
That I need your love so bad I don't wanna lose you
now

SOLO

I'm losing everything that I've been dreaming of
There must be a way to mend a broken love
So I'm down on my knees
Baby take me back again

I'm not gonna fight there is no use
End of the war your gonna win I'm gonna lose
I do just anything to feel your tender love again
I do just anything to feel your tender love again
End of the war your gonna win I'm gonna lose
