Let's fall in love, let's fall in love
How could it really feels to walk beneath the moon
above?

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
I look into your eyes and realise I need you love

I never thought that I was so romantic 'till I met you
Now every day there's a sun shining down from a sky
so blue

Life is so sunny and it feels so funny to be in love
But baby I can't tell about your feelings, baby tell me
you need me

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
How could it really feels to walk beneath the moon
above?

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
I look into your eyes and realise I need you love

Don't put me down, I would feel like a clown if you tell
me "No"

Tell me you need me, and say it will be me
Let's fall in love right now

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
The night is bright and clear and when you're near I
feel so fine

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
Tell me you understand and take my hand, and say
you're mine

I never thought that the sun could be shining a rainy
day
Never believed in the stars and the moon 'till you came
my way

Still I'm not sure what my heart's beating for, but I
guess it's you

But baby I can't tell about your feelings
Baby, tell me you need me

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
The night is bright and clear and when you're near I
feel so fine

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
Tell me you understand and take my hand and say
you're mine

Let's fall in love, let's fall in love
Let's fall in love, let's fall in love
