Hold me baby and say that you're in love with me now
Squeeze me honey and never let me go
Kiss me baby and tell me you will never leave now
Love me baby because I love you so

I will never ever love nobody else but you
I have never been this way so I just wonder what you
have got me into

Pretty baby, I'm gonna build a world around you
And forever you're gonna be all mine
I'm so happy, I was the lucky one to find you
And I'll love you for all eternal time

There'll never be nobody else for me, only you
I'll never put you on the shelf because my love is true

Pretty baby, I'm gonna build a world around you
And forever you're gonna be all mine

SOLO

Pretty baby, I'm gonna build a world around you
And forever you're gonna be all mine

I will never ever love nobody else but you
I have never been this way so I just wonder what you
have got me into

Kiss me baby and tell me you will never leave now
Love me baby because I love you so

'Cause I love you so
'Cause I love you so...
